

Ground Rod Installation Tool™

Accessory for Rhino Pro-Series Post Drivers

Part No. 300940

Pneumatic • Hydraulic • Gasoline
Professional Grade Tools

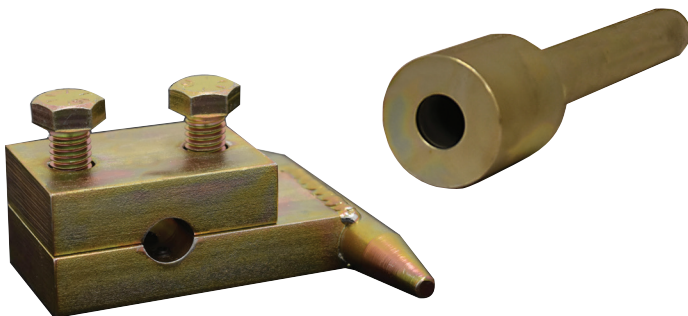

Safely drive ground rods without a ladder or bucket truck

The Rhino Ground Rod Installation tool and Pro-Series Post Drivers* are an ideal combination for Professional Electrical Utility Contractors and Linemen for driving rods safer and faster.

- Easily drives 3/8", 1/2", 5/8" and 3/4" Ground Rods using the Rhino Ranch Pro, Fence Pro*, Multi-Pro Post and Multi-Pro XA Post Drivers combined with the Ground Rod Installation Tool and included Drive Cap
- The Ground Rod Installation Tool and Drive Cap are made in the U.S.A of quality materials for long tool life and easy to order parts.
- Can be used by one installer to drive ground rod below grade in seconds.
- Keeps installers safely on the ground (no ladders) while installing and eliminates hand injuries associated with driving ground rod manually.

* Pro-Series Post Drivers sold separately. Additional 1 inch adapter must be ordered to use with the Fence Pro Post Driver
